The NEREX team is proud to be able to offer a wonderful fall foliage excursion on the Milford- Bennington Railroad on the historic Boston and Maine Hillsboro branch. This trip will take us from Wilton New Hampshire, following the Souhegan River over the ruling grade into Greenfield, through the historic Magoons curve at Elmwood Junction, and into Bennington New Hampshire. Here we will turn our cars and explore the area along the Contoocook River before heading back and making a stop at the hidden remains of Elmwood Jct.

This excursion, scheduled for Saturday, October 22<sup>nd</sup>, is approximately 36 miles round-trip and is the first time it has been scheduled as a NARCOA event. The fee for this excursion is \$50. There is a 35 car limit. No hyrails or "A" cars allowed due to crossing conditions. We recommend registering early for this event as it is a historic first time event and most likely to sell out.

100% of the proceeds of this excursion will be going to fund the restoration effort of locomotive 1228. To learn more about the history of Boston and Maine locomotive 1228 also the restoration effort going into it enjoy the podcast at the link below.
